The vine

Plot /climat Sous Frétille

History Frétille is derived from the Old French word "freste" meaning "summit." Sous Frétille lies at the foot of the Frétille hill, whose peak reaches 385 meters. As a recognition of the quality of this terroir, the appellation was granted Premier Cru status in 2000. Many locals from Pernand refer to the wines from Sous-Frétille as their "little Charlemagne".

Soil At the top of the hillside, the soil is thin and composed of white marl. The steep slope and significant rainfall in Pernand-Vergelesses can cause erosion.

Our plot(s) 67 ares planted in 1986, 1996, 2000, and 2003, located between 310 and 350 meters in altitude. This hillside of the Frétille slope faces south, and the strong sunlight compensates for the high elevation.
