## The vine

**Plot /climat** La Maladière (total surface area 13ha 58a)

**History** The name "Maladière" refers to the remnants of leper houses ("maladreries") that once treated the sick during the Middle Ages. These establishments were often located in sunny areas, away from residential homes.

**Soil** The soil has a reddish/ochre tint, indicating the presence of iron oxide in the clays. The subsoil, composed of limestone and dolomite, produces many small and friable rocks.

**Our plot(s)** Located between 240 and 280 meters. South-east exposure with a 5% slope.

**Age of vines**

## The wine

100% Pinot Noir from handpicked grapes; raised in oak casks.

**Taste** Rich red in colour, the wine has red fruit aromas; in the mouth it is supple but well structured with fine tannins and a persistent finish.

**Serving temperature** 15/16°C. It is recommended to decant recent vintages so as to enhance the aroma.
